COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a non-segregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, Department of Health, Education and Welfare.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.

Division of Information Analysis

BRIAN L. WILSON, Director
MAUREEN MOORE SCHEEVEL, Systems Analyst I

This *Statistical Brief* was produced by MAUREEN MOORE SCHEEVEL, who wrote the analysis and addenda sections as well as the computer programs which generated the tables, charts, and text.

FOREWORD

The *Statistical Brief* report series is designed to provide timely statistical information on Texas public elementary and secondary education. Each report addresses a specific area and will be released as soon as possible after the data are officially added to the TEA Data Base. Education topics in this series include student enrollments and attendance, revenues and expenditures, professional personnel and salaries, and Foundation School Program information.

This report series is unique in two ways. First, the reports were designed to include information most frequently requested from the TEA Data Base. Those who need these data should find this series very useful. In addition, the *Statistical Brief* tables and text are computerized. This capability permits rapid update of the reports and will improve the accuracy of the report information.

The *Statistical Brief* reports are intended to meet the Texas public education information needs of education administrators, policymakers, researchers, and the general public. Although the basic nature of the information in the Statistical Briefs should meet the education data needs of the foreseeable future, the contents and format of the reports are flexible. Formats may be altered to meet the demand for new educational data as laws and State Board of Education rules are changed, new issues emerge, or the general need for information moves in a new direction. *Statistical Brief* users are encouraged to submit suggestions toward improving the reports.

Raymon L. Bynum
Commissioner of Education

PERSONNEL BY SEX AND ETHNICITY
FOR TEXAS PUBLIC ELEMENTARY AND SECONDARY SCHOOL DISTRICTS
1981-82

I. INTRODUCTION

This report provides statistical information on the sex and ethnicity of all personnel as reported on the Roster of Personnel (Form FIN 063) by Texas public school districts in 1981-82. Principal authority for collection of this data is given in Section 16.254 of the Texas Education Code.

The statistical universe for this survey is all personnel reported on the Roster of Personnel by Texas public school districts throughout 1981-82. The relevant data acquired from the Roster for this report are values for sex, ethnicity, full-time equivalency (FTE), and the professional status code. Additional information on the Roster includes values for each person's degree level, pay grade, step, years of experience, funding source, number of days employed, foundation (minimum) salary, and actual salary. Updates are made to the document throughout the school year and may be made within the following four years.

A discussion of terms and concepts presented here and in the following section can be found in the Addenda, Section IV.

II. SUMMARY DISCUSSION

Full-Time Equivalency Concept

All personnel in this report are presented as "full-time equivalent" personnel. This is not a body count but rather a computation of the percent of time spent at a particular task. For example, if two people each work half-time then together they represent the equivalent of one full-time employee and are presented here as such. (The actual number of individuals reported on the Roster is 246,847, which translates on an FTE basis to 235,810.)

Personnel by District Type

In the 1981-82 school year, the 1,070 active regular Foundation School Program districts employed the majority of the almost 236,000 FTE's reported in Texas. However, it should be noted that not all of the special statutory and state-administered districts submitted personnel rosters; out of the six special statutory districts, five reported data, and out of the 23 state-administered districts, only one reported.

Table II-1 below summarizes the 1981-82 personnel FTE totals by district type for each personnel category, aggregated by sex and ethnicity. This information, detailed by district, can be found in Tables III-3 and III-4.

NOTE Detail may not sum to totals because of rounding and/or missing codes.

Types of Personnel

For the purposes of this report, all personnel have been aggregated into three categories: teachers, support/administrative, and aides and secretaries.× The appropriate category is determined by each employee's professional status code, a four-digit code

---

×Non-classified personnel, such as substitute teachers, plant maintenance, lunch room, bus drivers, and other clerical personnel are not reported on the Roster of Personnel.

indicating a job assignment or function, which is reported by the district on its Roster. (See "Personnel Categories" and "Professional Status Code" in the Addenda Section for a more detailed description.) To better illustrate these categories, Table II-2 presents subtotals for more specific job descriptions within the three general categories.

Ethnic Percent-of-Total by Sex

Table II-3 outlines the ethnic percent-of-total FTE's reported for each personnel category calculated for all personnel and for each sex alone. Each category reflects a very different mix. Teachers, because of their sheer numbers, have the most influence on the total personnel ratios for each sex and ethnicity. In this category, women outnumber men approximately three to one and whites outnumber minorities by the same ratio. However, support and administrative personnel are almost evenly divided between males and females so that category exhibits higher than average male percents-of-total for most ethnicities. To illustrate, white males comprise almost 17 percent of all personnel but about 37 percent of support and administrative personnel. And finally, instructional aides and secretaries are almost completely female (97 percent), but they appear to be the most ethnically integrated of the three personnel categories.

Totals include Regular FSP, Special Statutory, and State-Administered districts, and Education Service Centers.

Historical Totals

Table II-4 presents historical FTE counts from 1976-77 through 1981-82, organized by personnel category, sex, and ethnicity. Data prior to 1976-77 are unreliable because of coding discrepancies and changes in the manner of reporting personnel and, at this date, it is improbable that the data could be recreated with much ease. Also, see Section III where historical ethnic data summarized by personnel category and sex are available in FTE counts (Table III-5) and in percentages-of-totals (Table III-5A).

TABLE II-4

NOTE: Detail may not sum to total due to rounding and/or missing codes.
Totals include Regular FSP, Special Statutory, and State-Administered districts, and Education Service Centers.

Historical Trends

Table II-5 calculates the changes in FTE's and percents-of-total in each ethnic category from the prior year and over the last five years. The increase in total personnel FTE's between 1977-78 and 1981-82 was 29,646 and of these, 13,803 were minority FTE's and 15,843 were white. Over the one year, there was a 1,476 FTE increase, of which 1,109 were minorities and 367 were white. The increase in personnel between 1980-81 and 1981-82 is significant for two reasons: it contains the first instance in published data where the minority increase is larger than the increase in white FTE's, and it is markedly smaller than the increases between prior consecutive years.* In fact, for the first time a category lost personnel: total aides and secretaries decreased by over two percent.

Over the five years, both support and administrative personnel and aides and secretaries exhibited higher growth rates than did teachers. Their numbers increased by 19.15 percent and 12.83 percent respectively, whereas the number of teachers grew by only 10 percent. (For insight into hiring trends, see the Statistical Brief entitled "Personnel Counts and Salaries of Texas Public Elementary and Secondary School Districts".)

Even though the five year increase in white FTE's outnumbered the increase in minority FTE's, all minorities, but especially Hispanics, were increasing at greater relative rates. To corroborate this observation, white personnel registered a 2.88 percent decline in percentage-of-total personnel since 1977-78 even though their actual numbers increased. Conversely, the percentage-of-total Hispanics jumped by 2.63 percent over the same period. (See Table III-5A). High rates of growth for both male and female Hispanics account for the 34.8 percent increase since 1977-78. During the same period, the number of Asians grew by 90.3 percent, with noteworthy gains made by male aides and secretaries (350 percent) and female support and administrative personnel (175 percent). American Indians too, registered a considerable increase of 48.3 percent over the five years. However, these striking growth rates of Asian and American Indian personnel have little impact upon the number of total personnel because of the small number employed by districts statewide. Black personnel did not increase at the speed of other minority groups but they did grow at almost twice the rate of whites.

---

*To illustrate the significance of this small growth, the five year increases between 1977-78 and 1981-82 are smaller than the five year increases between 1976-77 and 1980-81. (See Table II-5 of the 1980-81 Statistical Brief entitled "Personnel by Sex and Ethnicity of Texas Public Elementary and Secondary School Districts".)

In contrast with the five year growth, the 1980-81 to 1981-82 growth percentage of support and administrative personnel is quite similar to that of teachers (1.63 percent compared to 1.23 percent). This condition is primarily due to the fact that the net increase in male support and administrative personnel equaled only one FTE. Another difference between the two time periods is that the number of aides and secretaries decreased from the previous year in every ethnic category except Asian. Although the overall decrease equaled about two percent, both the number of male white and male American Indian aides and secretaries decreased by almost 20 percent. Typically, the percentage decreases for females were much less.

Considering the one year increase in FTE's, minority personnel outnumbered whites by more than three to one in spite of the fact that the number of American Indian personnel decreased by over 15 percent. Both the small FTE increase and minority-to-white ratio contrast to the pattern set over previous years. Again, most of the minority growth came from Hispanic personnel.

In both time periods women have accounted for most of the personnel increases and obviously, the majority of these increases are teachers. However, gains made by women in support and administrative positions prove worthy of special mention. In 1977-78, 47 percent of these personnel were women; by 1981-82 that percentage had risen to almost 54 percent. Referring back to Table II-2, women carry the weight of these increases: Females comprise about 83 percent of all support personnel, but they account for only 21 percent of administrative personnel. In 1977-78, these figures were 77 percent and 16 percent respectively. The number of male personnel employed in support and administrative positions did increase at a faster rate (6.5) than the male average (3.3), but obviously not at the rate of the females in the same category (32.7).

Because of the large volume of information presented in Table II-5, this summary has attempted to highlight the obvious trends discernible from the table, not describe all of the nuances in personnel developments between the given years. Graphs II-1 and II-2 illustrate the Table II-5 entries for total personnel. Bar charts show both percentage and actual FTE growth for each ethnic group. Refer back to Table II-5 for the actual numbers represented in the graphs.

III. DETAILED TABLES

Data used to prepare the Section II analyses are contained in this section. Each table presents the data in the manner described below.

TABLE	ORGANIZATION	DISTRICT COVERAGE	PAGE
III-1	TEA ANALYZE Report Categories	Regular FSP Districts Only	12
III-2	ESC Regions	All Active Districts	
	III-2A FTEs Sex & Ethnicity		16
	III-2B Percentages by Category		19
	III-2C Percentages by Sex		22
	III-2D Percentages by Ethnicity		25
III-3	Regular FSP Districts with Estimated County Totals	Regular FSP Districts Only	28
III-4	Special Statutory and State-Administered Schools and Education Service Centers	Special & State Districts & ESCs	143
III-5	Historical State Totals 1976-77 to 1981-82	All Active Districts	146
III-6	FTEs by Pay Grade & Step	All Active Districts	147
III-7	FTEs by Professional Status Code	All Active Districts	152

NOTES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.

ANALYZE report categories are district groupings used by TEA. See "Annotated Definitions of Terms" in the Addenda.

PERSONNEL DESCRIPTIONS BY PAY GRADE

PAY GRADE 1: Educational Aide I
    Educational Secretary I
PAY GRADE 2: Educational Aide II
    Educational Secretary II
PAY GRADE 3: Educational Aide III
    Educational Secretary III

PAY GRADE 4: Teacher Trainee I (Non-degree, Emergency Permit)
PAY GRADE 5: Teacher Trainee II (Degree, Emergency Permit Only)
    Certified Non-degree Teacher
PAY GRADE 7: Bachelor's Degree Teacher
    Librarian
    Visiting Teacher
    Special Education Related Service
    Non-degree Vocational Education Teacher
    Nurse, R.N.

PAY GRADE 8: Master's Degree Teacher
    Librarian
    Special Education Related Service
    Vocational Teacher
    Nurse (Master's Degree and Certificate)
PAY GRADE 9: Special Duty Teacher (Master's Degree)
    Teacher (Doctor's Degree, LL.B, or J.D.)

PAY GRADE 10: Part-Time Principal (1 to 11 Teachers)
    Instructional/Administrative Officer I
    Supervisor
    Counselor
    Psychologist
    Associate Psychologist
    Diagnostician
    Visiting Teacher (Master's Degree)
    Occupational or Physical Therapists

PAY GRADE 11: Assistant Principal (20 or more Teachers)
    Instructional/Administrative Officer II
PAY GRADE 12: Principal (19 or fewer Teachers)
    Instructional/Administrative Officer III
PAY GRADE 13: Principal (20 to 49 Teachers)
    Instructional/Administrative Officer IV
    Administrative Officer IV
PAY GRADE 14: Principal (50+ Teachers)
    Instructional/Administrative Officer V (401+ ADA)
    Superintendent (Less than 400 ADA)
PAY GRADE 15: Superintendent (401 to 3,000 ADA)
    Instructional/Administrative Officer VI (3,001+ ADA)
PAY GRADE 16: Superintendent (3,001 to 12,500 ADA)
    Instructional/Administrative Officer VII (12,500+ ADA)
PAY GRADE 17: Superintendent (12,501 to 50,000 ADA)
    Instructional/Administrative Officer VIII (50,000+ ADA)
PAY GRADE 18: Superintendent (50,000+ ADA)

IV. ADDENDA

The Roster of Personnel: Historical Considerations

Prior to 1978-79, two documents pertaining to personnel were collected by the Texas Education Agency: the Professional Personnel Assignments (PPA) which reported the sex, ethnicity, and all job assignments of personnel, and the Roster of Personnel which collected information relevant to funding. At present only the Roster of Personnel is collected. When comparing the PPA and the Roster, only a 75 to 80 percent match could be expected.

The Roster of Personnel has undergone significant changes in function and usage over the past six years, although its format has remained basically the same. In 1975-76, a new Foundation School Program allocation system was adopted which based all regular program personnel allocations on average daily attendance (ADA) figures; previously, only teacher allocations were based upon ADA while aides, secretaries, support, and administrative personnel allocations were based upon the number of teachers allocated. Many districts had not reported all classified personnel employed on the Roster because of that structure. Therefore, TEA does not consider personnel data from the Roster prior to 1975-76 to be consistent for historical comparisons.

In 1978-79, sex and ethnic codes were first included on the Roster of Personnel since districts no longer submitted Professional Personnel Assignment reports. Also that year, a separate funding code was added and the professional status codes which implied a person's funding source were retired from use. The most recent change, effective in 1979-80, was a complete overhaul of the professional status codes to indicate more specific information about each employee. For example, currently a teacher's code can designate the grade level taught (pre-kindergarten-kindergarten, elementary, or secondary), the type of program taught (general, bilingual, special education, or vocational education), and the most frequently taught teaching field. Also, now there are separate codes to indicate whether a particular job is performed on the elementary or secondary level. This coding enhancement applies to support and administrative personnel such as counselors, and full-time, part-time, and assistant principals.

Sex and Ethnicity Codes

Inevitably, each year some personnel are reported with erroneous sex or ethnic codes or none at all, and so default to 'OTHER' in one or both categories on the TEA personnel data files. Except for 1977-78, in which over 500 personnel were recorded with invalid codes, this number has been small (i.e. anywhere from around 15 to 75 personnel). The Statistical Brief for 1978-79 did not try to correct any of those missing or erroneous codes, but attempts were made in the 1979-80 and 1980-81 publications to at least give accurate totals by sex. For this publication further corrections to ethnic codes have been made so that only a few unknown values remain. Therefore, the historical totals in this document will not exactly correspond to those in the prior publications.

Education Service Center Personnel

Each of the twenty Regional Education Service Centers (ESCs) provides educational services and coordinates educational planning within its respective region. According to Section 11.32 of the Texas Education Code, the ESCs should furnish participating districts with "educational media materials, equipment and maintenance, and educational services." Therefore, even though these centers are not school districts, their personnel provide some of the same services as district-employed personnel to participating districts in each respective region.

Personnel reported on the Rosters of the Education Service Centers usually can be categorized in one of two ways. In some cases the ESC acts as the fiscal agent for a special education co-op in the area. Administrative procedure requires that personnel employed by these co-ops be reported on the Roster of the fiscal agent, so in the case where the ESC is the fiscal agent a Roster of Personnel is submitted with these special education personnel. Alternatively, the Education Service Centers may employ certain units allocated to districts with 1,000 or fewer students in ADA. These personnel units, usually librarians, library aides, counselors, or supervisors, are to be used cooperatively with other districts to provide support services necessary to meet accreditation standards. As they are available to any of the above described districts in the region, it would not be appropriate to list them on a particular district's Roster.

Therefore, only personnel available to school districts in the region are reported on an Education Service Center's Roster of Personnel; employees servicing only the ESC are not included.

State-Administered District Personnel: Historical Considerations

Windham Schools, the educational facility under the jurisdiction of the Texas Department of Corrections, is the only state-administered district which has its costs of operation paid from the Foundation School Program fund. The personnel on its Roster are funded under the Foundation School Program (FSP). All other state-administered districts are operated by other state agencies and their personnel are not funded under the FSP.

Prior to 1978-79, Rosters of Personnel were received from all state-administered districts, but the personnel from districts other than Windham Schools are excluded from the 1976-77 and 1977-78 totals in order for historical comparisons to remain consistent. In 1976-77, 963 FTE personnel were excluded while in 1977-78, 846 FTE personnel were excluded.

Annotated Definitions of Terms

ACTIVE SCHOOL DISTRICT: Any public school district which operates a school in the district each year. (See Section 19.246(b) of the Texas Education Code.)

ANALYZE REPORT CATEGORIES: Special district groupings of data used for TEA school finance policy analysis. These categories are defined as follows:

1. MAJOR URBAN DISTRICTS: The largest school districts located within the central city of each of the state's six largest Standard Metropolitan Statistical Areas (SMSA's), (i.e., Austin, Corpus Christi, Dallas-Fort Worth, El Paso, Houston, and San Antonio). SMSA's are defined by the U.S. Bureau of the Census.

2. OTHER CENTRAL CITY DISTRICTS: Districts which are considered by TEA to be the "most central" to the state's remaining SMSA's.

3. SUBURBAN-FAST GROWING DISTRICTS: Generally, suburban districts of 1,000 or more refined ADA which had at least 10 percent increase in the number of original entries from 1976 to 1981, and some smaller suburban districts which displayed rapid growth for the same period.

4. SUBURBAN-STABLE DISTRICTS: Suburban districts which are similar to those in the previous category but which do not demonstrate high ADA growth rates.

5. NON-METRO WITH 1000+ ADA DISTRICTS: Districts which have 1,000 or more refined ADA and which are not included in the previous categories.

6. NON-METRO WITH TOWN DISTRICTS: Districts which have less than 1,000 ADA and which encompass a town having a population of approximately 1,000 or more.

7. RURAL DISTRICTS: Districts which have less than 1,000 ADA and which have no central town within their boundaries.

CLASSIFIED PERSONNEL: Personnel serving in positions set forth in Section 16.056 of the Texas Education Code.

COUNTY-DISTRICT NUMBER: A six-digit TEA code which uniquely identifies each Texas school district. The first three digits identify the county in which the district administrative offices are located. (The 254 Texas counties are numbered alphabetically.) The last three digits identify the type of district as follows:

000 thru 099 - Common School District
701 thru 799 - Rural High School District
901 thru 949 - Independent School District
950 - Regional Education Service Centers

EDUCATION SERVICE CENTER (ESC): A special intermediate level agency established to provide planning, coordination, and other special services to public school districts within a defined geographic region of Texas. (See Sections 11.32 and 11.33 of the Texas Education Code.)

ETHNIC GROUPS (CATEGORIES): Racial/ethnic groups are defined as follows:

AMERICAN INDIAN (OR ALASKAN NATIVE): A person having origins in any of the original peoples of North America.

ASIAN (OR PACIFIC ISLANDER): A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands.

BLACK (NOT OF HISPANIC ORIGIN): A person having origins in any of the black racial groups.

HISPANIC: A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

CAUCASIAN (WHITE, NOT OF HISPANIC ORIGIN): A person having origins in any of the original peoples of Europe, North Africa, the Middle East or Indian Subcontinent.

Race/ethnic designations as used by the Texas Education Agency do not denote scientific definitions of anthropological origins. Values for ethnicity are assigned by the district on the Roster of Personnel. If an ethnic value goes unreported on the district roster the Agency then assigns that employee as 'WHITE' by default, although the district does have an opportunity to change the value by a later update. In this report if the ethnic field has remained blank then that employee is flagged as an 'OTHER'. This does not imply a separate racial grouping, but rather an unreported ethnicity. However, no person should have been counted in more than one race/ethnic group.

FOUNDATION SCHOOL PROGRAM (FSP): A program of state government financial assistance created "to guarantee that each school district in the state has adequate resources to provide each eligible student a basic instructional program suitable to his educational needs." Under the FSP, eligible districts receive state monies for minimum salaries of personnel, current operating expenses, categorical program aid, and transportation services. The amount of state aid is based on the district's ability to support its public schools. (See Sections 16.002 and 16.004 of the *Texas Education Code*.)

FULL-TIME EQUIVALENT (FTE): A measure for personnel reporting purposes whereby part-time personnel have been converted to an equivalent number of full-time personnel. In the simplest case, if two teachers each work half time, together they are the equivalent of one full-time teacher. The computation for determining the FTE amount of any employee is:

$$\text{FTE} = \frac{\text{Number of days employed X Percent of day worked}}{\text{Maximum days authorized}}$$

MINORITY: All or any portion of the non-white pupils or personnel in a public school.

NON-CLASSIFIED PERSONNEL: Personnel who are not serving in positions authorized under Section 16.056 of the *Texas Education Code*. Non-classified personnel include maintenance personnel, school lunch room personnel, bus drivers, substitute teachers, etc.

PERSONNEL CATEGORIES: These are the three personnel groupings used throughout this report and they are defined as follows:

1. TEACHER: A person instructing students in a public school in one or more subjects, and who has a valid Texas teaching certificate or emergency permit.
2. SUPPORT & ADMINISTRATIVE:
   a. SUPPORT: Those persons who provide a particular service to the school body and/or staff. Librarians, nurses, supervisors, and counselors comprise the majority of this category.

b. ADMINISTRATIVE: Any person who is involved in the management of finances, personnel, and/or students in a school. Examples are principals, administrative officers, and superintendents.

3. AIDES & SECRETARIES: A person in pay grade one, two, or three who is involved in either administrative or instructional support. These personnel are generally considered to be non-professionals.

PROFESSIONAL STATUS CODE: A number or code intended to designate the general assignment of each employee. From this code the personnel category (i.e., teacher, administrator, support, or aide) can be determined. A change in codes was effected in 1979-80 which now gives more specific information about each employee. For teachers and support personnel the code indicates the level taught, such as elementary or secondary, and for teachers alone, the teaching field (subject area). Also, the program area for all employees is more easily discernible (i.e. regular FSP, special education, vocational education, or other).

PUBLIC SCHOOL DISTRICT: A governmental jurisdiction created under state law for the general purpose of providing an education to all eligible students who enroll in its schools or educational programs. (See Chapter 19 of the Texas Education Code.)

"REGULAR FOUNDATION SCHOOL PROGRAM (FSP)" PUBLIC SCHOOL DISTRICT: A district created under general statutory authority which is eligible for state funding assistance under the Foundation School Program. These districts have geographic boundaries with corresponding property values, as well as taxing authority. They are administered by a locally elected school board.

"SPECIAL STATUTORY" PUBLIC SCHOOL DISTRICT: A district created by special legislative act but not administered by a state government agency. Examples of this type of district are the public schools associated with military bases near San Antonio and the Masonic Home schools in Fort Worth.

"STATE-ADMINISTERED" PUBLIC SCHOOL DISTRICT: A district created by legislative act which is both funded and administered by a state government agency. Most of these schools are administered by the Texas Department of Mental Health and Mental Retardation or the Texas Youth Council. In addition, the Department of Corrections operates Windham Schools and the University of Texas System operates Moody ISD, the district associated with the UT Medical Branch Hospital in

Galveston. The State Schools for the Deaf and Blind have been under the Texas State Board of Education, but were placed under the control of independent boards of trustees beginning with the 1981-82 school year.

STATISTICAL UNIVERSE: The complete collection of persons or other units of study to which the findings and conclusions of a statistical analysis apply.

Explanation of Abbreviations

CSD - Common School District
ESC - Education Service Center
FSP - Foundation School Program
FTE - Full-Time Equivalent
ISD - Independent School District
PPR - Professional Personnel Roster
RHSD - Rural High School District
SMSA - Standard Metropolitan Statistical Area
TEA - Texas Education Agency

Technical Notes

ROUNDING: All FTE totals have been truncated to the lowest whole number. Consequently, the detail may not sum to the report totals.

DISTRICTS REPORTING: Data for 1,076 of the 1,099 active districts in 1981-82 are presented in this survey as well as data for all of the twenty Regional Education Service Centers. Most of the non-reporting districts are state-administered.

COUNTY ESTIMATES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.

Prior Personnel Sex and Ethnicity Statistical Briefs

1978-79 *Statistical Brief* (SB79PSE), published July 1981
1979-80 *Statistical Brief* (SB80PSE), published December 1981
1980-81 *Statistical Brief* (SB81PSE), published April 1982

Statistical Brief Special Tabulations

The TEA Division of Information Analysis may be able to provide data users with special tabulations or computer tapes based on the same data used in Section III of this report. Inquiries about special tabulations or computer tape files should be addressed to:

Texas Education Agency
Director
Division of Information Analysis
201 East Eleventh Street
Austin, Texas 78701

All services and/or materials are provided to the requestor at cost. Estimates will be provided upon request.

COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a non-segregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, Department of Health, Education and Welfare.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.

Division of Information Analysis

BRIAN L. WILSON, Director
MAUREEN MOORE SCHEEVEL, Systems Analyst I

This *Statistical Brief* was produced by BRIAN L. WILSON and MAUREEN MOORE SCHEEVEL, who wrote the analysis and addenda sections as well as the computer programs which generated the tables, charts, and text.

FOREWORD

The *Statistical Brief* report series is designed to provide timely statistical information on Texas public elementary and secondary education. Each report addresses a specific area and will be released as soon as possible after the data are officially added to the TEA Data Base. Education topics in this series include student enrollments and attendance, revenues and expenditures, professional personnel and salaries, and Foundation School Program information.

This report series is unique in two ways. First, the reports were designed to include information most frequently requested from the TEA Data Base. Those who need these data should find this series very useful. In addition, the *Statistical Brief* tables and text are computerized. This capability permits rapid update of the reports and will improve the accuracy of the report information.

The *Statistical Brief* reports are intended to meet the Texas public education information needs of education administrators, policymakers, researchers, and the general public. Although the basic nature of the information in the Statistical Briefs should meet the education data needs of the foreseeable future, the contents and format of the reports are flexible. Formats may be altered to meet the demand for new educational data as laws and State Board of Education rules are changed, new issues emerge, or the general need for information moves in a new direction. *Statistical Brief* users are encouraged to submit suggestions toward improving the reports.

Raymon L. Bynum
Commissioner of Education

PERSONNEL COUNTS AND SALARIES OF TEXAS PUBLIC ELEMENTARY AND SECONDARY SCHOOL DISTRICTS
1981-82

I. INTRODUCTION

This report provides summary statistical information on personnel and salaries reported by public elementary and secondary school districts during the 1981-82 school year on the following TEA report:

Roster of Personnel (form FIN063), 1981-82

The statistical universe for this annual data collection is all classified personnel.(1) This publication includes the classified personnel reported by all of the 1,070 active districts which had local taxing authority, six of the 29 active districts which had either no local taxing authority or no taxable property values, and the 20 Education Service Centers (ESCs) which reported personnel allocated under the Foundation School Program.

Principal authority for collection of this data is Section 16.254 of the Texas Education Code. The data serve a great number of administrative and informational purposes. The primary administrative purpose is to determine the salaries of the Foundation School Program (FSP) personnel allocations. Personnel statistics are also provided to government and private requestors.

This report provides district summary information on the number of full-time equivalent (FTE) personnel and their salaries summarized by three general types of personnel: aides and secretaries, teachers, and administrative/support staff. Average salaries and pupil/personnel ratios are computed for each district.

An overview of the Foundation School Program as it relates to personnel allocations highlights Section IV. This section also contains a more thorough discussion of relevant concepts along with an explanation of terms used throughout the report.

---

(1) "Non-classified" personnel, such as maintenance personnel, lunch room personnel, bus drivers, substitute teachers, etc., are not reported on the Roster of Personnel.

II. SUMMARY DISCUSSION

Personnel and Salary Totals for Texas, 1981-82

Texas public school districts reported 235,800 full-time equivalent (FTE) personnel and $3.95 billion in salaries on the Roster of Personnel for the 1981-82 school year. State total trends indicate that for the first time since 1968 the number of personnel grew at a slower rate than the number of students. The increase in total personnel was approximately the same as the increase in Foundation School Program personnel. The number of personnel paid from federal sources decreased by 3,700, while there was a corresponding increase in personnel paid from local funds. School districts continue to increase the salaries of personnel at a faster rate than the increase in the statewide minimum salary schedule, resulting in a greater demand on the local tax base.

Table II-1 reflects the 1981-82 full-time equivalent personnel and salary state totals by district Foundation School Program (FSP) status. This table also shows the number of active public school districts and the number of those districts which submitted a personnel roster. A column by column description of the table can be found at the beginning of Section III on page 18.

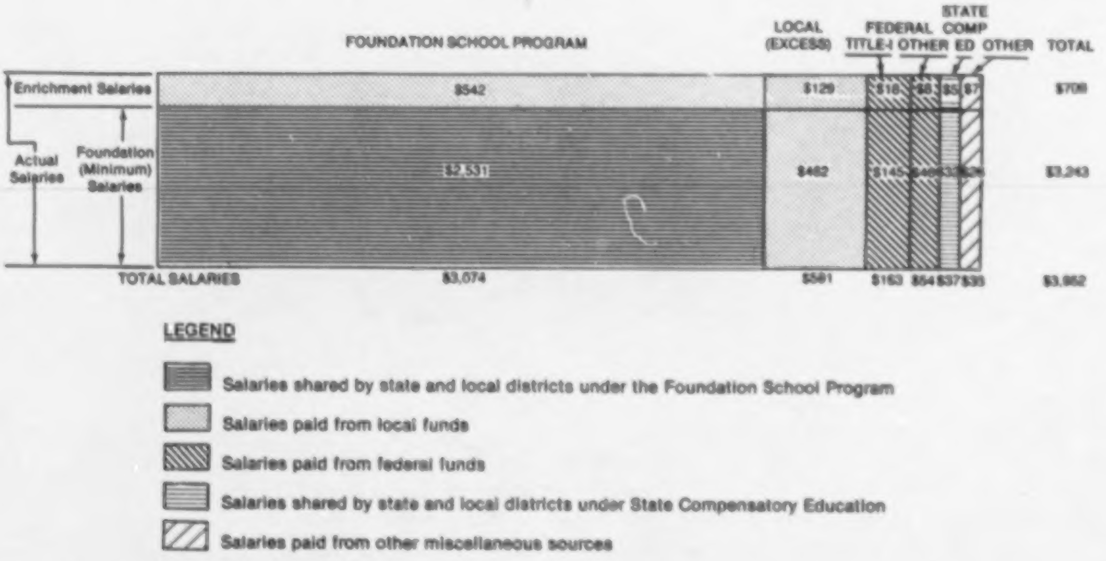
Personnel by Funding Source

The personnel in Table II-1 are reported by funding source. The Foundation School Program category reflects 165,000 personnel who filled the personnel allocations earned by school districts under the state Foundation School Program formulas. Districts employed 47,324 FTE personnel who were eligible for the FSP allocations but were employed in "excess" of those allocations. These excess personnel, often called "staff enrichment," were paid entirely from local funds. Personnel not eligible for the FSP allocations include 18,464 FTE's paid from federal funds, 2,924 FTE's paid from state compensatory education funds, and 2,144 FTE's paid from other miscellaneous funding sources.

Salaries of Personnel

Texas is one of approximately 10 states with a statewide minimum salary schedule. Because this schedule is set forth in the Foundation School Program laws, these salaries are referred to as either foundation salaries or minimum (min) salaries. Figure II-1 depicts the minimum and actual salaries of personnel by funding source. The minimum salaries of personnel allocated under the Foundation School Program amounted to $2.53 billion, which was 78 percent of the cost of the Foundation School Program. The minimum salaries of all personnel reported on the Roster amounted to $3.24 billion, while the total actual salaries of all personnel amounted to $3.95 billion. The amount of salary enrichment, or the amount that actual salaries exceeded minimum salaries, was $709 million.

FIGURE II-1
1981-82 Salaries of Personnel by Funding Source
(in $Millions)



Detail may not sum to total due to rounding.
These data are for the universe shown in Table II-1.
The figure is roughly proportionate in size.

The average salary of all personnel in 1981-82 was $16,757, which was $3,005 or 21.9 percent above the average minimum salary. The average teacher salary was $17,582, which was $3,033 or 20.8 percent above the average minimum salary of teachers. The average salary of a beginning teacher was $12,694, which was $2,463 or 24.1% above the average minimum salary for beginners. The salary enrichment percentage for both districts and FTE's is shown in Table II-2. Districts were grouped by comparing each district's average foundation (minimum) salary with its average actual salary. FTE personnel were grouped by comparing each person's foundation (minimum) salary to his or her actual salary. Consequently, the two counts are independent. That is, FTE's shown in a given percentage group are not necessarily employed by any of the districts falling within the same percentage group.

Table II-2 shows that over 99 percent of the districts paid some enrichment salaries while almost 93 percent of the personnel received some salary enrichment. Almost three-fourths of the districts had an average salary enrichment of less than 15 percent, while in contrast, 60 percent of the FTE's were enriched by 15 percent or more. Although this statement may seem contradictory, the phenomenon may be attributed to the fact that the distribution of both students and personnel is highly skewed. Five percent of the school districts (the largest 58 districts in student population) employed more than 50 percent of all personnel reported on the Roster (See Table III-1). Enrichment in these districts averaged 27.8 percent. On the other hand, the smallest 675 districts, with 1,000 ADA or less, reported 11 percent of all personnel, and averaged only 10.9 percent enrichment. Figure II-2 presents the distribution of personnel among districts.

TABLE II-2
1981-82 SALARY ENRICHMENT PERCENTAGES
COUNT OF DISTRICTS AND PERSONNEL PAID ABOVE MINIMUM SALARY

% Actual Salary Above Foundation	DISTRICTS		FTE PERSONNEL*	
(Min) Salary	Count	Percent	Count	Percent
0 PERCENT	9	0.8	16,918	7.2

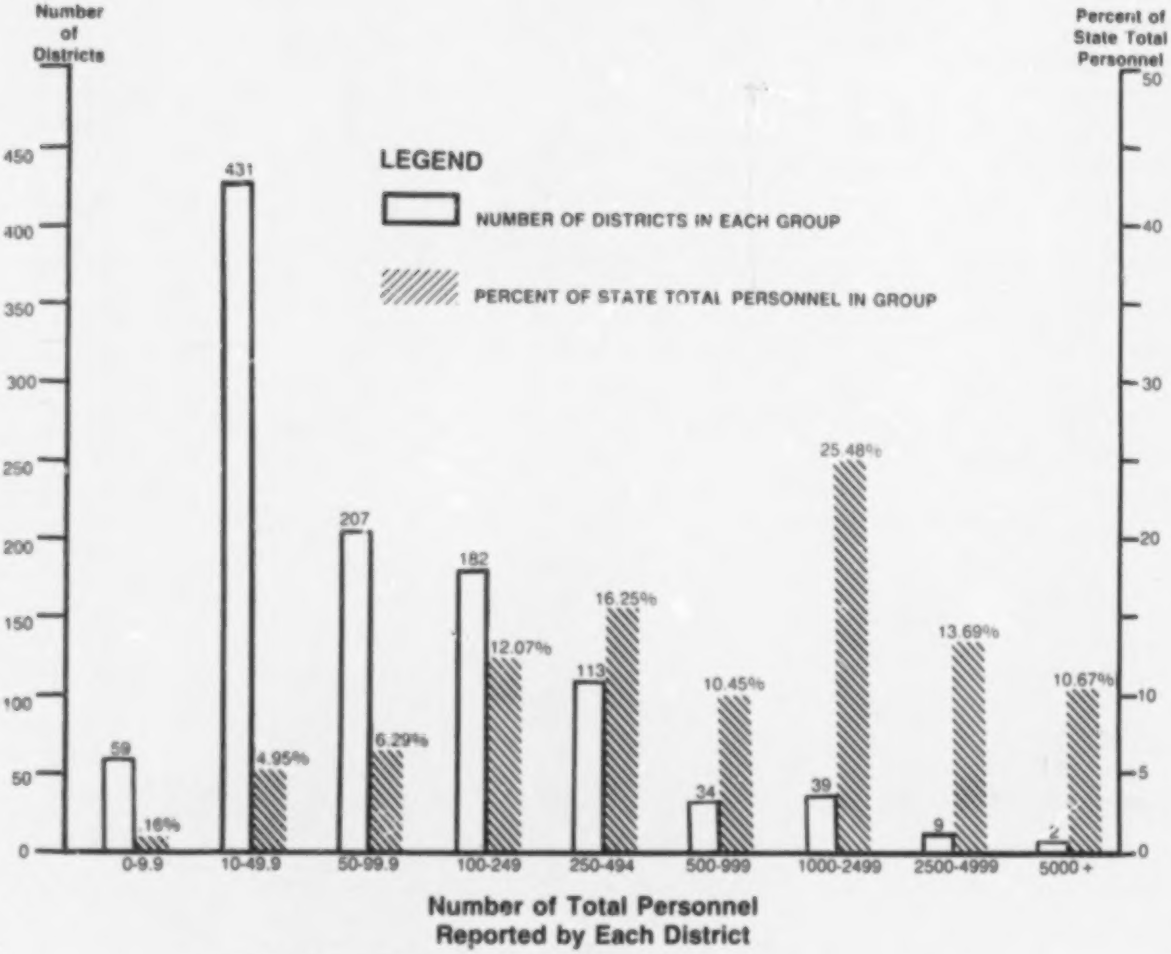
25 <= PCT < 30	52	4.8	28,953	12.3
30 <= PCT < 35	36	3.3	23,220	9.9
>= 35 PCT	41	3.8	39,309	16.7
TOTAL	1,076	100.0	235,301	100.0

---

* The personnel count as reported here is independent of the district count. These data represent all districts which reported except the Education Service Centers.

* The detail may not add to the total due to rounding.

FIGURE II-2
DISTRICTS GROUPED BY NUMBER OF PERSONNEL REPORTED IN 1981-82 WITH PERCENT OF STATE TOTAL PERSONNEL IN EACH GROUP



EXAMPLE INTERPRETATION:

The number of districts which reported at least 10 FTE personnel but less than 50 FTE personnel was 431. These 431 districts employed only 4.95 percent of the state total number of FTE personnel.

Types of Personnel

School district personnel are classified in a large variety of job assignments or functions. For the purpose of this report, personnel have been grouped into three major categories. Table II-3 shows these three categories along with some of their subordinate classifications.

TABLE II-3
1981-82 PERSONNEL AND SALARY TOTALS BY PERSONNEL CATEGORY

On a statewide basis, the distribution of personnel consisted of 19 percent aides and secretaries, 69 percent teachers, and 11 percent support/administrative staff. On a pupil basis these figures translate to 58.5 students for each aide or secretary, 16.3 students for each teacher, and 100.6 students for each support or administrative staff member, with an overall ratio of 11.3 students in average daily attendance for each staff member.(2) Note that most of the pupil/personnel ratios in the Section III tables exclude all special education personnel because of the data problems associated with special education co-ops. (This subject is addressed in the Addenda under the topic "Pupil to Personnel Ratios" and by the Addenda footnote "4.")

---

(2) These ratios may serve as a proxy for those desiring average class sizes or other student/staff comparisons.

Historical Analysis

State total historical personnel and salaries are presented in Section III-5. Because of changes in the way in which the personnel on the roster have been reported, historical data are not consistent prior to 1975-76. While the following analysis examines the trends over five years, these facts stand out when comparing the changes in school district practices between 1981-82 and the prior year:

> Personnel increased at a slower rate than the growth in student attendance, reversing a trend of almost 15 years. Table II-4 shows a crosstabulation of change in ADA and change in personnel. For example, the top right box shows that 34 districts, which had a loss of 2,415 ADA, reported 263 additional personnel. Statewide, the number of personnel increased by 1,386 FTE's while the student count increased 35,500 ADA.

TABLE II-4
CHANGES IN ADA AND PERSONNEL
1980-81 TO 1981-82

	ADA Change FTE Change No. Dists	- PERSONNEL -			
		Loss	Stable	Gain

		-1,775	-1	+263	-1,512
		75	48	34	157
	Stable	-114	+313	+408	+606
		-444	+1	+597	+154
		87	360	132	579
	Gain	+5,813	+3,211	+41,891	+50,915
		-1,199	+8	+3,935	+2,744
		63	69	207	339
		-6,129	-1,776	+39,885	+35,532
		-3,418	+9	+4,795	+1,386
		225	477	373	1,075

While the total number of personnel increased by 1,386 over the prior year, the distribution of personnel by funding source is worth noting. The number of FSP personnel increased by 1,328. The number of personnel paid from federal sources decreased by

3,700, while the peronnel paid from local funds increased by 3,563. In addition to this increase in staff enrichment, salary enrichment increased from $580 million to $709 million, or 22.1 percent.

Growth in the Number of Personnel and Pupils Since 1977-78

Over the period from 1977-78 to 1981-82, the number of students enrolled in Texas public schools increased by 91,506 (from 2,998,277 to 3,089,783 original entries). Correspondingly, the number of FTE personnel reported by school districts increased by over 21,423 FTE's. The net effect of these increases is that the districts reported an increase of one staff member for each increase of 4.3 students.

Table II-5 shows the number of personnel by category and the increase from 1977-78 to 1981-82.

TABLE II-5
NUMBER OF PERSONNEL BY CATEGORY AND CALCULATED FIVE YEAR INCREASES

Year	Teachers	% of Total	Aides	% of Total	Support/ Admin.	% of Total	Total*

% Increase (78 to 82)	7.9%		12.7%		19.1%		10.1%

---

* Detail may not add to total due to rounding or missing codes. These data are taken from Section III-5, and represent the same universe as shown in Table II-1.

Measured in terms of growth rates, the number of teachers has increased at a rate of 1.9 percent per year, while aides and support/administrative staff have grown at annual rates of 3 percent and 4.5 percent respectively. (Comparatively, the student population increased at an annual rate of 0.75 percent per year.)

Table II-6 categorizes personnel by funding source. The number of Foundation School Program personnel, which is derived from each district's average daily attendance (ADA) and other factors, has increased proportionately with the increase in ADA. Because the growth of personnel in the other categories has been at a faster rate than the growth in ADA, the percent that FSP personnel are of total personnel declined from 73.6 percent in 1977-78, to 70.0 percent in 1981-82. Since 1977-78, 71 percent of the increase in personnel has been in the local excess category. Table II-7 shows a similar categorization for salaries.

* Detail may not sum to total due to rounding or missing codes. These data represent the universe shown in Table II-1.

Table II-7 shows that in 1981-82 the Texas public school districts paid $3.95 billion in salaries to personnel reported on the Roster of Personnel. (Total payroll costs as reported on the 1981-82 Official Budget amounted to over $4.1 billion.) The minimum salaries of FSP personnel amounted to 2.53 billion, which was 78.1 percent of all minimum salaries.(3) The minimum salaries of FSP personnel increased by $689 million, or 37.4 percent over the period from

---

(3) While the FSP category reflects 78.1 percent of the minimum salaries, it contains only 70 percent of the personnel. The difference is explained by the "best buy" selection process used for the FSP allocations. (This topic is addressed in the Addenda by the section entitled "Foundation School Program Personnel.") This fact is also reflected in the average minimum salaries of FSP personnel ($15,346) and excess personnel ($9,772).

1977-78 to 1981-82, while the total actual salaries of school district personnel increased by $1.4 billion, or 54.1 percent for the period. Salary enrichment (the amount that actual salaries exceed the minimum salaries) averaged 21.9 percent in 1981-82, up from 11.5 percent in 1977-78. The salaries which can be identified as being paid entirely by the local districts (actual salaries of excess personnel plus the salary enrichment for FSP personnel) amounted to $1.1 billion ($3,073,523 - 2,531,327 + 591,275 = $1,133,471) in 1981-82, up $631 million or 125 percent over the 1977-78 figure. Over the period shown, the percent of salaries shared by the state(4) has declined from 72.8 percent to 65.4 percent of the total salaries. This decline is primarily due to the increased levels of both staff enrichment and salary enrichment.

Average Salaries

Table II-8 presents the state average salaries for different categories of personnel. These average salaries are also shown by Figure II-3. Several caveats should be considered when dealing with average salaries. It is recommended that the reader refer to the section in the Addenda which addresses average salaries.

TABLE II-8

---

(4) Salaries shared by the state include the minimum salaries of FSP personnel and the actual salaries of state compensatory education and regional deaf personnel.

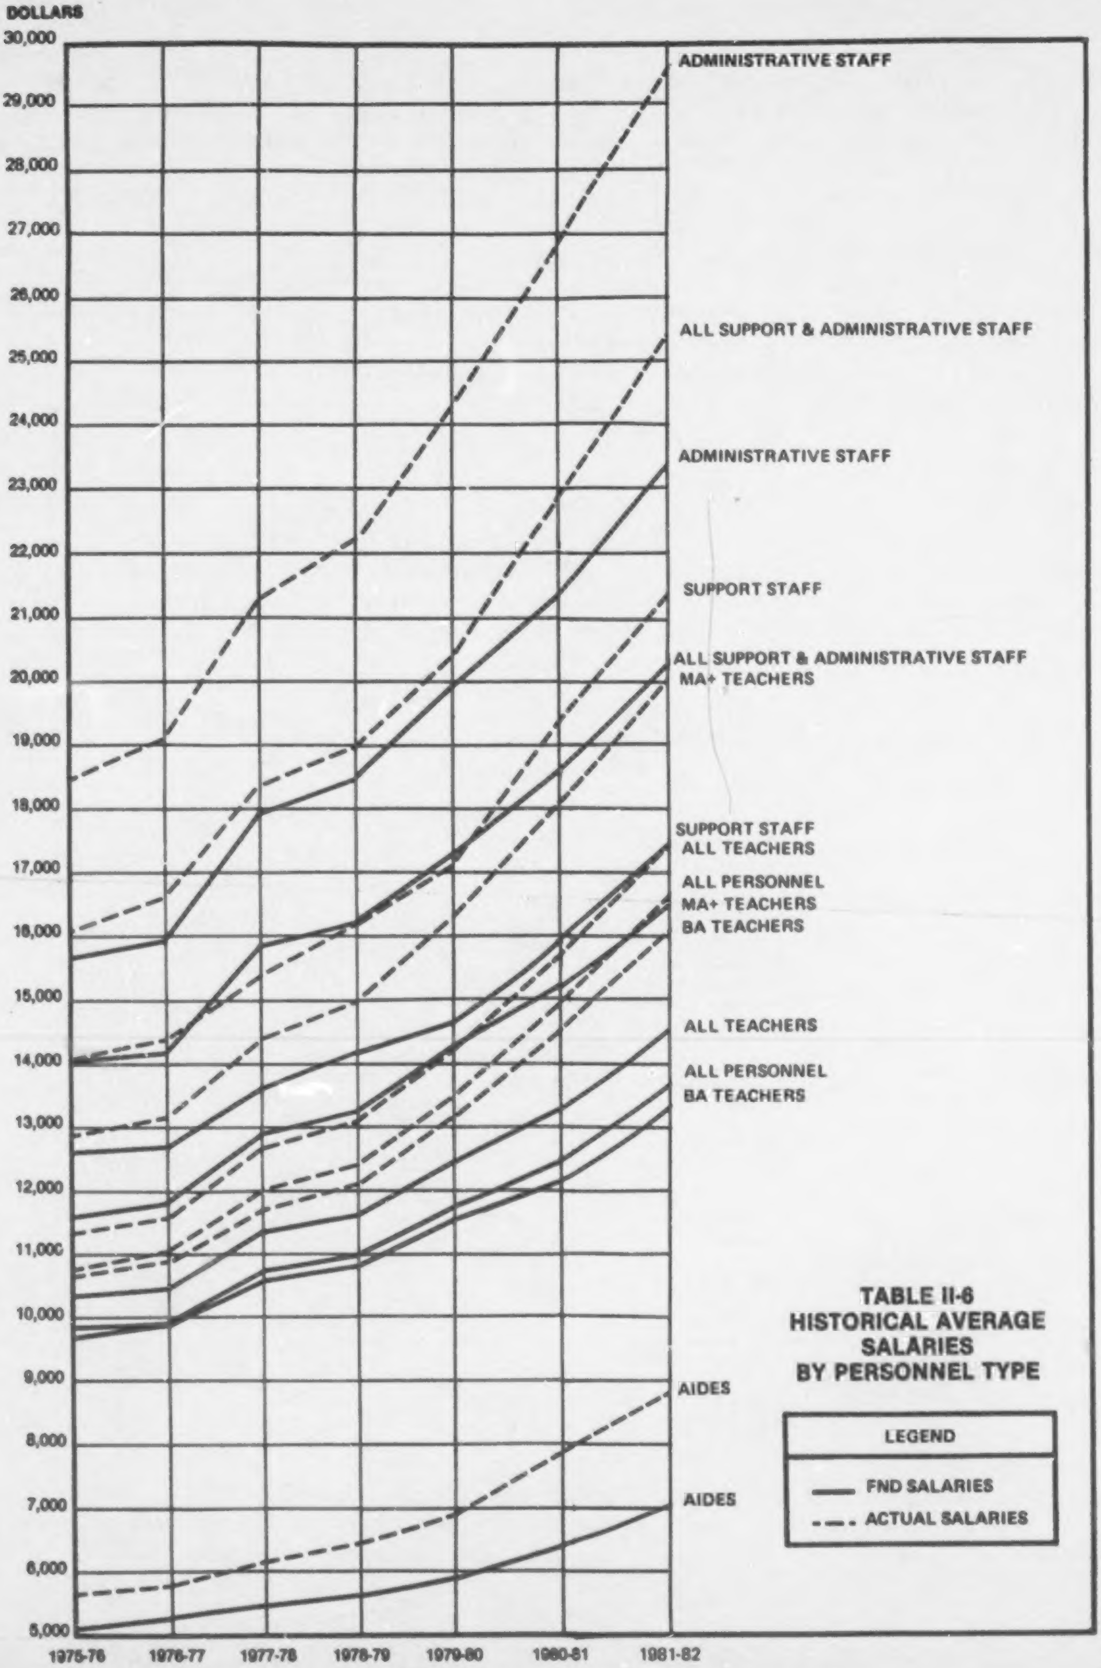

TABLE II-6
HISTORICAL AVERAGE
SALARIES
BY PERSONNEL TYPE

Historical Summary

Although the rate of increase in total personnel declined, the rate of increase in personnel funded from local sources increased. Texas public school districts spent $200 million more than in 1980-81 for staff and salary enrichment, for a total of $1.1 billion.

These increasing salary expenditures have in many cases placed additional demands on the local tax resources. Historically, many of the local financial decisions were made during a period when property values had risen rapidly. On the other hand, during this same period of time, there was a major tax reform movement, evidenced in two important pieces of legislation. Senate Bill 621, enacted by the 66th Legislature, established new appraisal and reporting requirements. House Bill 30, enacted by the 67th Legislature, amended certain provisions of the property tax code and provided a method for taxpayers to limit tax increases through an initiative and referendum process. Consequently, some districts may be faced with the dilemma of escalating personnel costs and a resistance among voters to approve the necessary tax increases.

Additional Figures

The remainder of Section II consists of additional figures which graphically display some of the 1981-82 personnel data. The following figures reflect state totals for personnel by pay grade, years of experience, and tenure, along with salary enrichment and pupil/personnel ratios for districts with 15,000 ADA or more.

Example Interpretation:
Abilene has 11.4 students per staff member overall, or if Special Education personnel are excluded, Abilene has 12.9 students per staff member.

A - ADA/FTE Ratio for All Personnel

S - ADA/FTE Ratio Excluding Special Education Personnel

III. DETAILED TABLES

Data used to prepare most of the Section II analyses are contained in this section. Each table presents the data in the manner described below. An explanation of the columns in the Section III tables is presented on the following two pages.

TABLE	ORGANIZATION	DISTRICT COVERAGE	PAGE
III-1	TEA ANALYZE Report Categories	Regular FSP Districts Only	20
III-2	ESC Region Totals	All Active Districts *	24
III-3	Regular FSP Districts with Estimated County Totals	Regular FSP Districts Only	27
III-4	Special Statutory and State Administered Schools and Education Service Centers	Special & State Districts & ESCs	139
III-5	Historical State Totals 1976-77 to 1981-82	All Active Districts *	142
III-6	State Totals by Pay Grade & Step	All Active Districts *	143
III-7	State Totals by Professional Status Code	All Active Districts *	149
III-8	State Totals by Funding Source	All Active Districts *	160

NOTES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.

ANALYZE report categories are district groupings used by TEA. See "Annotated Definitions of Terms" in the Addenda.

Detail may not sum to total in the Section III tables. FTE's have been truncated to whole numbers.

* Except the 22 State Administered Districts not funded under the Foundation School Program.

Explanation of Columns in the Section III Tables

I. Full-time Equivalent (FTE) Personnel

A. Foundation School Program (FSP) - represents the number of personnel employed by the district who filled the Foundation School Program personnel allocations.

1. Regular (column 1) - the number of FSP personnel employed in the regular program or general education.

2. Special Education (column 2) - the number of FSP personnel employed in the special education program.

3. Vocational Education (column 3) - the number of FSP personnel employed in the vocational education program.

4. Total Foundation School Program (column 4) - the total number of regular, special education, and vocational education personnel.

B. Excess (column 5) - represents the number of personnel who were eligible for the FSP allocations but were employed in excess of the FSP allocations. These personnel are paid entirely from local funds.

C. Federal

1. Title I (column 6) - represents the number of personnel employed with federal Elementary and Secondary Education Act (ESEA) - Title I monies. Although there are several Title I programs, these monies are targeted for districts with special student populations such as low income, migrant, handicapped, etc.

2. Other Federal (column 7) - represents personnel employed from any other federal monies.

D. State Compensatory Education (column 8) - represents personnel employed with state monies distributed to districts under the state compensatory education program. This program is targeted for educationally disadvantaged pupils who are eligible for federal compensatory education aid under the Title I programs.

E. Other Miscellaneous (column 9) - represents personnel reported either in the regional deaf program or as being paid with other non-federal monies.

F. Grand Total (column 10) - the total number of full-time equivalent personnel reported on the Roster of Personnel.

II. Salaries

A. Total Salaries - represents the salaries the district reported for the grand total personnel shown in column 10.

1. Foundation (minimum) Salaries (column 11) - the salaries of the grand total personnel based upon the statewide minimum salary schedule.

2. Actual Salaries (column 12) - the total salaries the district reported.

B. Average Salaries

1. Foundation (minimum) (column 13) - the average salary per FTE, computed by dividing the total foundation (minimum) salaries by the grand total number of personnel.

2. Actual (column 14) - the average actual salary per FTE computed by dividing the total salaries by the grand total number of personnel.

C. Foundation (minimum) Index (column 15) - this index reflects the district's average foundation salary as a ratio of the state average foundation salary. The state average has been set to 100. For example, if a district's index for teachers were 110, it would signify that the district's average foundation salary for teachers was 10 percent higher than the state average. This measure is very useful in that, to a certain degree, it reflects the distribution of personnel or hiring practices of a district. Two factors which are used to determine a teacher's foundation salary are years of experience and college degree. Since the foundation salary is obtained from a statewide schedule, the example district has a personnel distribution reflecting more experience, more advanced degrees, or both.

D. Enrichment Percent (column 16) - the percent that the actual salaries exceed the foundation (minimum) salaries.

III. Pupil/Personnel Ratios (column 17) - the number of students in average daily attendance divided by the number of personnel. Note that most tables exclude special education personnel from this calculation because of the data problems associated with special education co-ops. However, some statewide tables reflect two ratios: One excluding special education personnel and one including special education personnel.

PERSONNEL DESCRIPTIONS BY PAY GRADE

PAY GRADE 1: Educational Aide I
Educational Secretary I
PAY GRADE 2: Educational Aide II
Educational Secretary II
PAY GRADE 3: Educational Aide III
Educational Secretary III

PAY GRADE 4: Teacher Trainee I (Non-degree, Emergency Permit)
PAY GRADE 5: Teacher Trainee II (Degree, Emergency Permit Only)
Certified Non-degree Teacher
PAY GRADE 7: Bachelor's Degree Teacher
Librarian
Visiting Teacher
Special Education Related Service
Non-degree Vocational Education Teacher
Nurse, R.N.

PAY GRADE 8: Master's Degree Teacher
Librarian
Special Education Related Service
Vocational Teacher
Nurse (Master's Degree and Certificate)
PAY GRADE 9: Special Duty Teacher (Master's Degree)
Teacher (Doctor's Degree, LL.B, or J.D.)

PAY GRADE 10: Part-Time Principal (1 to 11 Teachers)
Instructional/Administrative Officer I
Supervisor
Counselor
Psychologist
Associate Psychologist
Diagnostician
Visiting Teacher (Master's Degree)
Occupational or Physical Therapists

PAY GRADE 11: Assistant Principal (20 or more Teachers)
Instructional/Administrative Officer II
PAY GRADE 12: Principal (19 or fewer Teachers)
Instructional/Administrative Officer III
PAY GRADE 13: Principal (20 to 49 Teachers)
Instructional/Administrative Officer IV
Administrative Officer IV
PAY GRADE 14: Principal (50+ Teachers)
Instructional/Administrative Officer V (401+ ADA)
Superintendent (Less than 400 ADA)
PAY GRADE 15: Superintendent (401 to 3,000 ADA)
Instructional/Administrative Officer VI (3,001+ ADA)
PAY GRADE 16: Superintendent (3,001 to 12,500 ADA)
Instructional/Administrative Officer VII (12,500+ ADA)
PAY GRADE 17: Superintendent (12,501 to 50,000 ADA)
Instructional/Administrative Officer VIII (50,000+ ADA)
PAY GRADE 18: Superintendent (50,000+ ADA)

These totals reflect the primary assignments of teachers, and are not intended to represent the actual number of personnel providing instruction in each subject.
Detail may not sum to total due to missing codes.

PROFESSIONAL STATUS CODES USED ON THE 1981-82 ROSTER OF PERSONNEL

Instruction, General

01XX	Teacher, Prekindergarten, Kindergarten
02XX	Teacher, Elementary
03XX	Teacher, Secondary
04XX	Teacher, All-level
05XX	Teacher, Itinerant
06XX	Teacher-Bilingual, Prekindergarten, Kindergarten
07XX	Teacher-Bilingual, Elementary
08XX	Teacher-Bilingual, Secondary
0900	Educational Aide

Instruction, Vocational Education

11XX	Teacher-Vocational Education, Regular
12XX	Teacher-Vocational Education, CVAE
13XX	Teacher-Vocational Education, VEH
1600	Teacher-Vocational Education, Occupational Orientation
1700	Teacher-Vocational Education, Occupational Orientation, VEH
1900	Educational Aide, Vocational Education

Instruction, Special Education

21XX	Teacher-Special Education, Self-Contained
22XX	Teacher-Special Education, Resource Room
23XX	Teacher-Special Education, Itinerant
24XX	Teacher-Special Education, Community or Hospital
25XX	Teacher-Special Education, Homebound
26XX	Teacher-Special Education, VAC
2900	Educational Aide, Special Education

Instructional Administration

3101	Supervisor, Elementary
3102	Supervisor, Secondary
3103	Supervisor, All level
3200	Supervisor, Vocational Education
3300	Supervisor, Special Education
3900	Educational Secretary

Instructional Resources and Media Services

4101	Librarian, Elementary
4102	Librarian, Secondary
4103	Librarian, All level
4200	Learning Resources Specialist
4900	Library Aide or Secretary

School Administration

5101	Principal, Elementary
5102	Principal, Secondary
5201	Assistant Principal, Elementary
5202	Assistant Principal, Secondary
5301	Part-time Principal, Elementary
5302	Part-time Principal, Secondary
5900	Educational Secretary

Guidance and Counseling Services

6101	Counselor, Elementary
6102	Counselor, Secondary
6103	Counselor, All level
6200	Counselor, Vocational Education
6300	Placement Coordinator, Vocational Education
6400	Counselor, Special Education
6500	Psychologist
6600	Associate Psychologist
6700	Educational Diagnostician
6801	Orientation and Mobility Instructor, Special Education
6802	Art Therapist, Special Education
6803	Corrective Therapist, Special Education
6804	Drama Therapist, Special Education
6805	Music Therapist, Special Education
6806	Occupational Therapist, Special Education
6807	Physical Therapist, Special Education
6808	Recreational Therapist, Special Education
6809	Visual Training Therapist, Special Education
6900	Guidance and Counseling Aide or Secretary

Attendance and Social Work Services

7100	Visiting Teacher, General
7200	Visiting Teacher, Special Education
7300	Social Worker, Special Education
7900	Attendance and Social Work Aide or Secretary

Health Services

8100	Physician
8200	School Nurse
8500	Audiologist
8800	LVN or Nurse's Aide
8900	Health Services Aide or Secretary

General Administration

9100	General Superintendent
9201	Deputy Superintendent
9202	Associate Superintendent
9203	Assistant Superintendent
9204	Administrative Officer, Business Management
9205	Administrative Officer, Personnel
9206	Administrative Officer, Federal Programs
9207	Administrative Officer, Special Programs
9208	Administrative Officer, Instruction
9209	Administrative Officer, Instructional Resources and Media
9210	Administrative Officer, Research and Development
9211	Administrative Officer, Curriculum Development
9212	Administrative Officer, Communication and Dissemination
9213	Administrative Officer, Pupil Services
9214	Administrative Officer, Guidance and Counseling
9215	Administrative Officer, Attendance and Social Work
9216	Administrative Officer, Transportation
9217	Administrative Officer, Athletics
9218	Administrative Officer, Food Service

9219	Administrative Officer, Maintenance and Operations
9220	Administrative Officer, Data Processing
9221	Administrative Officer, Other
9300	Administrative Officer, Special Education
9400	Administrative Officer, Vocational Education
9900	Educational Secretary

V. ADDENDA

Historical Background and Data Considerations

Although the format of the Roster of Personnel has shown little change in recent years, there have been other significant changes. Some of these are not obvious to the school districts and other users because the changes have occurred in the administrative system which processes the Roster of Personnel; other factors, such as changes in the Compensation Plan (statewide salary schedule) have indirect implications.

Due to the nature of the Foundation School Program personnel allocation formulas, not all classified personnel were reported on the Roster prior to 1975-76. Beginning with the 1975-76 school year the FSP personnel allocation formulas were changed to a personnel unit allocation basis, and the districts began to report aides, secretaries, and administrative staff who had not been previously included on the Roster of Personnel. For this reason, some historical data are not comparable prior to 1975-76.

In the 1977-78 school year, a companion personnel collection form, the Professional Personnel Assignment (PPA), was collected for the last time. Prior to 1978-79 all state-administered districts reported their personnel on the Roster. However, with the exception of Windham ISD, these districts no longer submit rosters. The primary reasons for this change are 1) most of the state school personnel were on the State of Texas salary schedule, and hence did not conform to the job classifications set forth in FSP laws; and 2) the districts were only receiving Available School Fund monies (i.e., their personnel costs were not covered under the FSP). These districts have been omitted from the historical totals for reasons of consistency (in 1977-78 these state districts reported 846 personnel). Windham ISD, county district number 236-903, is the only state-administered district which has its costs of operations paid from the Foundation School Program fund. Salaries of Windham's personnel are set at levels compatible with nearby districts. (For this reason, the foundation salary index for Windham is skewed.)

In 1978-79, sex and ethnic codes, previously on the PPA, were included on the Roster of Personnel. (Statistics on the sex and ethnicity of school district personnel are available in the Statistical Brief entitled "Personnel by Sex and Ethnicity for Texas Public Elementary and Secondary School Districts.") In addition, the professional status codes were consolidated and a new funding code was added.

In the 1978-79 school year Education Service Centers (ESCs) began to report personnel on the Roster. These personnel are employed by the ESC to fill FSP personnel allocations. These units are either units allocated for accreditation purposes, or special education units where the ESC is serving in the capacity of a special education co-op fiscal agent.

In 1979-80, a new set of professional status codes was implemented, providing more detail about the assignments of personnel. The professional status code for teachers reflects the teachers' major subject area.

Concept of the Full-Time Equivalent (FTE) Person

All personnel in this report are represented as "full-time equivalent" personnel (i.e., if two people each work half-time, together they represent the equivalent of one full-time employee, and are represented here as such). The number of individuals reported on the roster is 246,847, which on a full-time equivalent basis is 235,810.

Types of Personnel

The district assigns each person on the roster a professional status code which indicates the person's job assignment or function, such as high school teacher, principal, counselor, etc.

For this report, all personnel have been summarized into three basic categories based upon the professional status codes. The category of aides includes educational aides and educational secretaries in pay grades one, two, and three. The category of teachers includes teachers with bachelors degrees, masters (or higher) degrees, plus non-degree teachers and teacher trainees. (Only 1,176 non-degree teachers and teacher trainees were reported, representing approximately one-half of one percent of the teacher category.) The category of support/administrative includes counselors, supervisors, librarians, principals, administrative officers, superintendents, etc.

Foundation School Program

The purpose of the Foundation School Program is to "guarantee that each school district in the state has adequate resources to provide each eligible student a basic instructional program suitable to his educational needs."(1) The cost of the Foundation Schoool Program is determined by formulas set forth in the Texas Education Code (TEC). The Foundation School Program cost includes minimum salaries of allocated personnel, maintenance and operations allocations, transportation allocations, equalization aid, and various other component costs. The program is financed by an equalized local tax effort, with the balance of the cost paid from state sources.

Foundation School Program Personnel

Under the state and local jointly shared Foundation School Program each district is allotted personnel units (PUs)(2) based upon its refined average daily attendance adjusted for the best five six-week reporting periods.(3)

---

(1) Texas Education Code, Section 16.002

(2) The personnel unit (PU) is the standard measurement used for the Foundation School Program personnel allocation purposes.

(3) In districts having enrollments which include 10 percent or more children of migratory agricultural workers and fishermen, the best four six-week reporting periods are used.

The number of PU's earned by a district determines the number of personnel in the district whose minimum salaries will be used by the state to determine the Foundation School Program cost. Table IV-2 shows the factors which are used to determine each district's PU allotment. The personnel allocations determined by these factors may be increased by other formulas if the district meets specified sparsity, small schools, or minimum units criteria.

TABLE IV-1
GENERAL PERSONNEL ALLOCATION FORMULAS

Grade Span	One PU Per Every
PK, K-3	18.5 students
4-6	21 students
7-9	20 students
10-12	18 students

Texas has a "flexible" allocation system in that a district may use these personnel allocations to hire any combination of different types of personnel as long as any specified minimum standards are met.

Within this broad allocation framework, separate systems exist for determining personnel allocations for special education and vocational education. For special education, a district's entitlement is based upon formulas which take into account refined average daily attendance and the percent of these students who are identified as being handicapped. The district's actual allocation is based upon an application submitted by the district and these entitlement formulas.(4) The allocation system for vocational education is based upon an application system in which the district must show need, students, etc. The personnel which the district employs to fill these special education and vocational education allocations are converted to their personnel unit value (set forth with the salary schedule) and subtracted from the total personnel unit allocation the district has earned. The special education units are subtracted out at 27.5 percent of their normal PU value, while the vocational units are subtracted at half of their normal value. The remaining personnel unit allocation is that which the district uses for its regular program or general education.

---

(4) In the case where two or more districts (typically small districts) jointly operate a special education program as a co-op, the district designated as the fiscal agent is allocated all special education PU's for the co-op. The fiscal agent reports all the special education personnel on its personnel roster. The fiscal agent also reports the salaries, revenues, and expenditures for the co-op, while the participating districts continue to report their own students. Each participating district is charged back its pro rata share of the PU's employed by the co-op fiscal agent (at the 27.5 percent rate). Needless to say, the fact that the personnel and fiscal amounts are not reported by the district which reports the students causes problems when one tries to make comparisons between districts.

The Texas Education Agency allocates the Foundation School Program personnel by taking all the eligible personnel reported on a district's personnel roster, sorting these personnel into a "best buy" sequence (based upon each person's salary per personnel unit value), and assigning the appropriate number of personnel into the Foundation School Program category. All remaining eligible personnel are then assigned to the excess category and must be paid from local funds. The corresponding foundation (minimum) salaries for all these allocated units become part of the jointly shared Foundation School Program cost.

Personnel Employed from Other Funding Sources

Personnel who are paid from local district monies who are eligible to be paid under the Foundation School Program but are determined to be employed above the district's FSP personnel allocations are considered to be "excess" personnel. Personnel considered to be ineligible for the FSP allocations include those paid from federal funds or other miscellaneous sources. Personnel employed under approved Title I programs are reported by districts under the Title I funding source. All other personnel employed with federal dollars are reported under the category "other federal."(5) All personnel paid with state compensatory education dollars are reported under the category of "state compensatory education." Regional deaf personnel and any other miscellaneous personnel are shown in this report under the category of "other personnel." The grand total represents all personnel in classified positions reported on the personnel roster by the district.

Statewide Minimum Salary Schedule

Section 16.056 of the Texas Education Code sets forth a salary schedule (compensation plan) and the authorized "classified" positions, pay grades, titles, and number of annual contract months for each position under the Texas Public Education Compensation Plan. This section states that any employee who is qualified for and employed in a classified position must be paid at least the salary specified in the schedule. (This requirement applies to all personnel, regardless of their funding source.) This salary is known as the foundation or minimum salary. The salary schedule, comprised of 18 pay grades and 15 steps (steps 0 - 14), is a matrix of indices. These index values are converted to dollar amounts by the use of a multiplier. For the 1981-82 school year there were three multipliers: $1,127 per month for pay grades 1 - 6 and 10 - 14, $1,137 per month for pay grades 7 - 9, and $1,116 for pay grades 15 - 18. Each person is assigned to a pay grade according to the classified position in which he or she is serving. All aides and educational secretaries are assigned to pay grade one, two, or three. Teachers are for the most part assigned to pay grade seven, eight, or nine, depending upon their college degree. Support personnel are assigned to pay grades seven through 10, while administrative personnel are assigned to pay grades 10 through 18. All personnel are assigned to a step based upon their years of experience. Each person advances one step per year until step 10 is reached, and then advances one step every two years until the end of the schedule (step 14) is reached. Personnel who do not advance a step because of the two-year requirement receive an additional two percent increase in their minimum salary. The salary schedule also sets forth the personnel unit (PU) value assigned to each pay grade. Table IV-1 shows the 1981-82 salary schedule for pay grade seven.

---

(5) 1978-79 was the first year for a separate funding code on the personnel roster. In prior years the professional status code in some cases served as the funding code, which left much to be desired. For this reason it is impossible to identify the funding source or function of some personnel. This is especially true of some of the federally funded personnel. The personnel whose funding source cannot be identified are included in the category of "other" personnel in the historical totals.

TABLE IV-2
The 1981-82 SALARY SCHEDULE FOR PAY GRADE 7

Salaries Reported by School Districts

Two salaries are reported by the school district for each person. One is the required minimum or foundation salary. The other is the actual salary the district reports the person is paid. (These actual salaries are edited for reasonableness.) Although a district may develop its own schedule for actual salaries, these schedules are not collected by the Texas Education Agency.

The district's average foundation salary and average actual salary are computed by dividing the respective aggregate salaries by the total full-time equivalent personnel for that district. Several caveats should be considered when dealing with the average salaries:

* The district may not report the correct salary.
* All salaries are edited for reasonableness.
* Many factors determine each individual's salary, such as job assignments, pay grade, years of experience, number of months employed, degree, geographic area, etc. These factors are not evident in an average. To make a valid comparison of salaries between school districts one would have to consider personnel with similar qualifications, assignments, experience, etc.
* No consideration is made for any fringe benefits.
* Average salaries are greatly affected by a district's distribution of personnel in terms of both the types of personnel employed and the years of experience of these personnel. (The foundation salary index is a measure which gives an indication of this effect.)

The Section III tables contain two measures which have been computed to assist in the evaluation of salaries. The foundation (minimum) salary index reflects a district's average foundation salary as a ratio of the state average foundation salary. The state average has been set to 100. Since all foundation salaries are from the same salary schedule,(6) this index reflects both the distribution of personnel and those factors which affect the placement of personnel on the salary schedule, such as position (aide, teacher, or administrator) and experience. For example, the districts which have a higher than average number of low experience teachers will have a value of less than 100 for their teacher salary index. And districts which employ a relatively large number of aides and secretaries may have a low salary index for total personnel because the districts' average salary for total personnel will be influenced by the large number of aides. The second measure shown is the salary enrichment percentage, which is simply the percent that the actual salaries exceeded the foundation (minimum) salaries.

The Texas Education Agency does not collect any information on fringe benefits of personnel.(7) The State of Texas does pay the employer's share of teacher retirement for all school district employees, with the exception of employees paid from federal sources. In 1981-82 the state paid into teacher retirement an amount equal to 8.5 percent of each person's salary, which amounted to approximately $396 million.

Pupil to Personnel Ratios

For the purposes of this report, a ratio of the number of students to the number of personnel has been computed for aides, teachers, support/administrative staff, and total personnel for each district. Unless stated otherwise, all special education personnel have been excluded from this calculation because of the data problems associated with special education co-ops. (Since all special education personnel for the co-op are reported by the fiscal agent, while the students participating in the program continue to be reported by the individual districts, fiscal agents would have an artificially low ratio, while co-op member districts would have an artificially high ratio.)

---

(6) The exception to this is the state-administered district, Windham ISD (236-903). As explained under "Data Considerations," Windham ISD's costs of operations, including salaries, are paid from the Foundation School Program Fund.

(7) Of 877 districts which responded to a Texas Association of School Boards questionnaire, 813 districts reported that a health care plan was offered to employees, of which 496 districts paid all or part of the employees' premiums.

Annotated Definitions of Terms

ACTIVE SCHOOL DISTRICT: Any public school district which operates a school in the district each year. (See Section 19.246(b) of the *Texas Education Code*.)

ACTUAL SALARY: The total or entire salary reported for a person on the Roster of Personnel.

ANALYZE REPORT CATEGORIES: Special district groupings of data used for TEA school finance policy analysis. These categories are defined as follows:

1. MAJOR URBAN DISTRICTS: The largest school districts located within the central city of each of the state's six largest Standard Metropolitan Statistical Areas (SMSA's), (i.e., Austin, Corpus Christi, Dallas-Fort Worth, El Paso, Houston, and San Antonio). SMSA's are defined by the U.S. Bureau of the Census.
2. OTHER CENTRAL CITY DISTRICTS: Districts which are considered by TEA to be the "most central" to the state's remaining SMSA's.
3. SUBURBAN-FAST GROWING DISTRICTS: Generally, suburban districts of 1,000 or more refined ADA which had at least 10 percent increase in the number of original entries from 1976 to 1981, and some smaller suburban districts which displayed rapid growth for the same period.
4. SUBURBAN-STABLE DISTRICTS: Suburban districts which are similar to those in the previous category but which do not demonstrate high ADA growth rates.
5. NON-METRO WITH 1000+ ADA DISTRICTS: Districts which have 1,000 or more refined ADA and which are not included in the previous categories.
6. NON-METRO WITH TOWN DISTRICTS: Districts which have less than 1,000 ADA and which encompass a town having a population of approximately 1,000 or more.
7. RURAL DISTRICTS: Districts which have less than 1,000 ADA and which have no central town within their boundaries.

AVAILABLE SCHOOL FUND: State money for public education derived from interest on the Permanent School Fund, plus twenty-five percent (25%) of certain tax revenues such as gasoline, oil production, etc. The Available School Fund is distributed according to a district's prior year ADA.

AVERAGE DAILY ATTENDANCE (ADA): This general designation is used to refer to a group of attendance measures which include the following:

1. GROSS ADA: The aggregate days attendance divided by the number of days school is in session. Kindergarten pupils attending a half-day session earn a half-day's attendance for the school district.

2. REFINED ADA: The aggregate days attendance of eligible students divided by the number of days school is in session. Refined ADA is equal to gross ADA less ineligible ADA, and is used to determine the allocation of funds for state maintenance and operations, equalization aid, etc.

3. ADJUSTED REFINED ADA: The aggregate days of attendance divided by adjusted days of operations for the best five six-weeks reporting periods (four for migrant schools). Adjusted refined ADA is used only for personnel unit allocations.

4. INELIGIBLE ADA: Those students who do not meet the eligibility requirements set forth in the "Daily Register of Pupil Attendance." Generally, these are students who are non-residents or who are under or over the prescribed ages as of September 1.
    a. UNDERAGE:
        1.) Under 6 years old (Grade 1 and above) and not previously enrolled in an out-of-state school during the current school year.
        2.) Under 5 years old (kindergarten).
        3.) Under 3 years old (Special Education, Early Childhood Program).
        4.) From birth - Visually and Auditorially handicapped
    b. OVERAGE:
        1.) 21 years old (Regular Program).
        2.) 22 years old (Special Education).

AVERAGE SALARY: The aggregate salaries of a set of personnel divided by the number of full-time equivalent personnel in the set. Average salaries may be computed for both foundation salaries and actual salaries. If not specified, the term average salary refers to the average actual salary.

BEST BUY: The method used to determine which eligible personnel will be allocated as Foundation School Program units. Each person's minimum salary is divided by the PU value for his or her pay grade; the personnel with the highest values are allocated. This procedure results in an allocation most advantageous to each district.

CLASSIFIED PERSONNEL: Personnel serving in positions set forth in Section 16.056 of the Texas Education Code. These personnel must be paid not less than the minimum salary set forth in the Texas Public Education Compensation Plan.

COMPENSATION PLAN: The statewide minimum salary schedule set forth in Section 16.056 of the Texas Education Code. The salary schedule, comprised of 18 pay grades and 15 steps (steps 0 through 14), is a matrix of indices which are converted to dollar amounts by the use of a multiplier. In 1981-82 there were four multipliers: $1,127 per month for pay grades 1 through 6 and 10 through 14, $1,137 per month for pay grades 7 through 9, and $1,116 per month for pay grades 15 through 18.

COUNTY-DISTRICT NUMBER: A six-digit TEA code which uniquely identifies each Texas school district. The first three digits identify the county in which the district administrative offices are located. (The 254 Texas counties are numbered alphabetically.) The last three digits identify the type of district as follows:

000 thru 099 - Common School District
701 thru 799 - Rural High School District
901 thru 949 - Independent School District
950 - Regional Education Service Centers

EDUCATION SERVICE CENTER (ESC): A special intermediate level agency established to provide planning, coordination, and other special services to public school districts within a defined geographic region of Texas. (See Sections 11.32 and 11.33 of the Texas Education Code.)

ENRICHMENT: This term may refer to salary enrichment or staff enrichment. In a general manner, enrichment refers to the use of local tax dollars to supplement the Foundation School Program.

EXCESS PERSONNEL: Personnel paid from local funds who were employed above the Foundation School Program allocations.

FOUNDATION SALARY: The salary specified in the statewide minimum salary schedule.

FOUNDATION SALARY INDEX: An index which reflects a district's average foundation salary as a ratio of the state average foundation salary. The state average has been set to 100.

FOUNDATION SCHOOL PROGRAM (FSP): A program of state government financial assistance created "to guarantee that each school district in the state has adequate resources to provide each eligible student a basic instructional program suitable to his educational needs." Under the FSP, eligible districts receive state monies for minimum salaries of personnel, current operating expenses, categorical program aid, and transportation services. The amount of state aid is based on the district's ability to support its public schools. (See Sections 16.002 and 16.004 of the Texas Education Code.)

FULL-TIME EQUIVALENT (FTE): A measure for personnel reporting purposes whereby part-time personnel have been converted to an equivalent number of full-time personnel. In the simplest case, if two teachers each work half time, together they are the equivalent of one full-time teacher. The computation for determining the FTE amount of any employee is:

$$\text{FTE} = \frac{\text{Number of days employed X Percent of day worked}}{\text{Maximum days authorized}}$$

MINIMUM SALARY: The salary specified in the salary schedule set forth in Section 16.056 of the Texas Education Code. See the definition of Compensation Plan.

NON-CLASSIFIED PERSONNEL: Personnel who are not serving in positions authorized under Section 16.056 of the Texas Education Code. Non-classified personnel include maintenance personnel, school lunch room personnel, bus drivers, substitute teachers, etc.

ORIGINAL ENTRIES: The number of pupils entering Texas schools for the first time during the current school year.

PAY GRADE: One of the 18 levels of the salary schedule. Classified positions are defined for each pay grade.

PERSONNEL ALLOCATION: The number of personnel units whose minimum salaries will be shared by the state under the Foundation School Program.

PERSONNEL CATEGORIES: These are the three personnel groupings used throughout this report and they are defined as follows:

1. TEACHER: A person instructing students in a public school in one or more subjects, and who has a valid Texas teaching certificate or emergency permit.
2. SUPPORT & ADMINISTRATIVE:
   a. SUPPORT: Those persons who provide a particular service to the school body and/or staff. Librarians, nurses, supervisors, and counselors comprise the majority of this category.
   b. ADMINISTRATIVE: Any person who is involved in the management of finances, personnel, and/or students in a school. Examples are principals, administrative officers, and superintendents.
3. AIDES & SECRETARIES: A person in pay grade one, two, or three who is involved in either administrative or instructional support. These personnel are generally considered to be non-professionals.

PERSONNEL UNIT (PU): The standard measurement used for Foundation School Program personnel allocation purposes. A personnel unit value is assigned to each pay grade by Section 16.056 of the Texas Education Code. This value represents the charge against the district's personnel allocation for any person utilized to fill the district's allocation. The term "personnel units" is also used to denote the personnel allocation of a district under the Foundation School Program.

PROFESSIONAL STATUS CODE: A number or code intended to designate the general assignment of each employee. From this code the personnel category (i.e., teacher, administrator, support, or aide) can be determined. A change in codes was effected in 1979-80 which now gives more specific information about each employee. For teachers and support personnel the code indicates the level taught, such as elementary or secondary, and for teachers alone, the teaching field (subject area). Also, the program area for all employees is more easily discernible (i.e. regular FSP, special education, vocational education, or other).

PUBLIC SCHOOL DISTRICT: A governmental jurisdiction created under state law for the general purpose of providing an education to all eligible students who enroll in its schools or educational programs. (See Chapter 19 of the Texas Education Code.)

"REGULAR FOUNDATION SCHOOL PROGRAM (FSP)" PUBLIC SCHOOL DISTRICT: A district created under general statutory authority which is eligible for state funding assistance under the Foundation School Program. These districts have geographic boundaries with corresponding property values, as well as taxing authority. They are administered by a locally elected school board.

SALARY ENRICHMENT: The amount that the actual salary exceeds the foundation (minimum) salary.

SALARY SCHEDULE: The statewide minimum schedule or compensation plan set forth in Section 16.056 of the Texas Education Code.

"SPECIAL STATUTORY" PUBLIC SCHOOL DISTRICT: A district created by special legislative act but not administered by a state government agency. Examples of this type of district are the public schools associated with military bases near San Antonio and the Masonic Home schools in Fort Worth.

STAFF ENRICHMENT: Personnel who were eligible for the Foundation School Program personnel allocations, but who were employed in excess of the FSP allocations. These personnel are paid from local funds.

"STATE-ADMINISTERED" PUBLIC SCHOOL DISTRICT: A district created by legislative act which is both funded and administered by a state government agency. Most of these schools are administered by the Texas Department of Mental Health and Mental Retardation or the Texas Youth Council. In addition, the Department of Corrections operates Windham Schools and the University of Texas System operates Moody ISD, the district associated with the UT Medical Branch Hospital in Galveston. The State Schools for the Deaf and Blind have been under the Texas State Board of Education, but were placed under the control of independent boards of trustees beginning with the 1981-82 school year.

STATISTICAL UNIVERSE: The complete collection of persons or other units of study to which the findings and conclusions of a statistical analysis apply.

STEP: This term refers to any of the 15 subdivisions (steps 0 - 14) of the salary schedule reflecting experience increments. Personnel with no experience begin at step 0 and advance based upon years of experience acquired. Personnel in steps 10 through 14 who do not advance because of the "2-year requirement" receive an additional two percent in salary.

Explanation of Abbreviations

ADA - Average Daily Attendance
CSD - Common School District
ESC - Education Service Center
FND - Foundation (or minimum)
FSP - Foundation School Program
FTE - Full-Time Equivalent
ISD - Independent School District
PPE - Per Pupil Expenditure
PPR - Professional Personnel Roster
PU - Personnel Unit
RHSD - Rural High School District
SMSA - Standard Metropolitan Statistical Area
TEA - Texas Education Agency

Technical Notes

ROUNDING: All FTE totals have been truncated to the lowest whole number, while the salary totals have been rounded to the nearest thousand. Consequently, the detail may not sum to the report totals.

DISTRICTS REPORTING: Data for 1,076 of the 1,099 active districts in 1981-82 are presented in this survey as well as data for all of the twenty Regional Education Service Centers. Most of the non-reporting districts are state-administered.

COUNTY ESTIMATES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.
